Musashino Chemical (China) Co., Ltd. celebrated the 20th anniversary

Our wholly owned subsidiary Musashino Chemical (China) Co., Ltd celebrated the 20th anniversary since the establishment on November 24, 2000. Founding Ceremony was held on November 28, 2020.

Musashino Chemical (China) Co., Ltd manufactures plant-derived based lactic acid (L- and D-Lactic acid), lactate derivatives and special amino acids. Those products are sold in China, Japan, and many other countries around the world.

We continue to build our supply system to meet the increasing demand in the world.
