

Musashino Chemical Laboratory, Ltd.

YAESUDAIBIRU BLDG. 11, KYOBASHI 1CHOME, CHUOKU

TOKYO 104-0031, JAPAN

We will be exhibiting at Chemical Material Japan 2019

Exhibition Dates

Wednesday, 18 / Thursday, 19 September 2019

Opening Hours : 9am-5pm

Show Location : PACIFICO Yokohama Hall C&D

Booth No : C-16

Exhibit products

1 . Ethyl lactate

- High purity and ecofriendly solvent
- Less odor and clear liquid
- High solubility for resin
- Mixing with water and other solvents

2 . Pyruvic acid, Ethyl pyruvate, Methyl pyruvate, Sodium pyruvate

- High purity
- Variety of applications (Pharmaceuticals, Agriculture, Electric industry)

3 . Poly Lactic acid (PLA)

- High optical purity
- Free of plastic additives such as plasticizers, antioxidants, colorants, etc.
- Highly reliable traceability due to the production through dedicated manufacture facility
- Extremely low content of monomer
